Voice of Leader

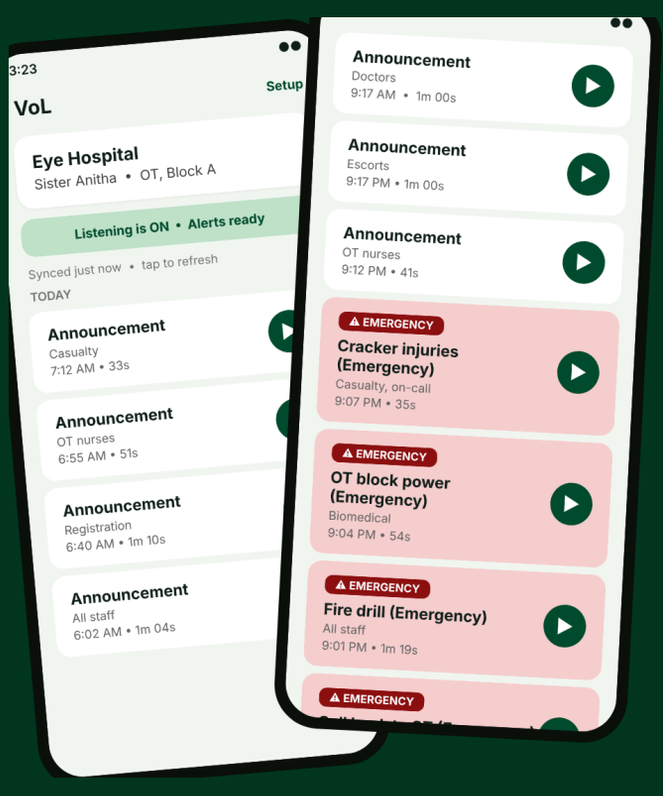

Hospital admin speaks. Every doctor, nurse and counsellor hears it live, without touching a phone.

One voice. Every building, every floor.

Your team hears you live, wherever they are: in any block or on any floor, in the hostel or in the staff quarters. Their phone plays your voice automatically, with no tap, even when locked.

You will also know who heard it, and who didn't.

For eye hospital administration, nursing and operations teams

Everything an eye hospital needs to reach every team member, in every building

One app for the superintendent and duty officers. One app for doctors, nurses, counsellors and support staff across blocks, the hostel and staff quarters. Built for busy cataract days and for emergencies.

1 **Groups and subgroups**

Create the whole hospital, then buildings, departments and shifts: casualty, OT, cornea, paediatric, counselling, registration, escorts, hostel and staff quarters. Staff join the group they belong to with your hospital code, and you approve each one.

2 **Normal live voice**

Pick one group or many, tap the mic and speak. Staff hear you live, wherever they are. Their phone plays it automatically: no tap, no opening the app, even when locked.

3 **Emergency voice**

For emergencies like cracker injuries on Deepavali night, fire and power failure. It plays with an alert that stands out from routine notices.

4 **Who got the alert, who heard**

A live view shows Waiting, Alerted, Heard and Failed for every staff member. When a phone cannot play, it tells you why: silent mode, notifications off, no network.

5 **Offline and missed**

A staff member who was offline can replay the announcement from the history list when back online. You can resend to the ones who missed it, or share the recording on WhatsApp.

6 **Private and on record**

Only approved staff can listen. Each announcement is logged with time, length and groups reached. Keep patient names out of voice announcements.

Your groups

- **Eye Hospital**
  - Doctors · Casualty, Cornea, Retina, Paediatric
  - Nurses and OT · Day shift, Night shift
  - Patient care · Registration, Counsellors, Escorts
  - Residences · Hostel, Staff quarters

Live delivery

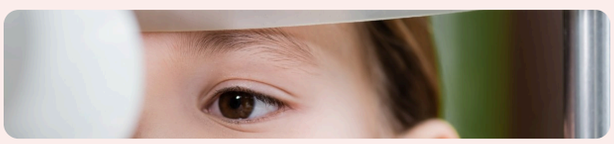

12 Waiting	38 Alerted	184 Heard	5 Failed

Dr. Kavya, Casualty	Heard
Sister Anitha, OT Block A	Heard
Selvam, Escort (quarters)	Phone on silent

Voice of Leader for Eye Hospitals

When this happens in the eye hospital, you speak

Cataract days with hundreds of village patients. Deepavali nights with children hurt by crackers. Staff in many buildings, the hostel and the quarters. You speak once, and the right people hear it.

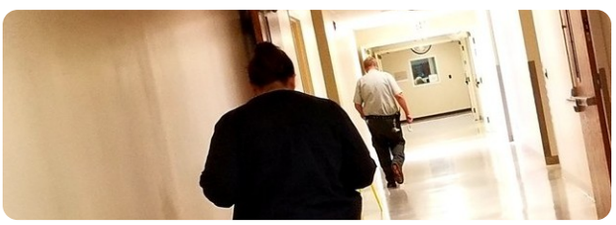

DEEPAVALI EMERGENCY

Cracker injuries in children

Admin says, live

"Emergency. Four children with firecracker eye injuries arriving at Casualty. On-call corneal surgeon, paediatric anaesthetist and casualty team, report now."

Reaches: on-call doctors and the Casualty team, including those in the hostel and quarters, as an emergency alert.
You see: who heard it, and who to phone.

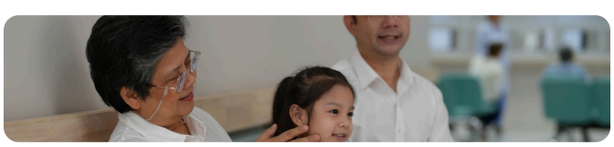

CALL BACK

Staff in hostel and quarters

Admin says, live

"Casualty surge. Night-shift OT nurses and resident doctors in the hostel and Block B quarters, report to the main OT within 15 minutes."

Reaches: the Hostel and Staff quarters groups, OT and residents.
You see: who has heard it, wherever they are.

CAMP LOGISTICS

Outreach camp buses arriving

Admin says, live

"Four camp buses arriving at the East Gate. Screening, registration and counselling teams, go to Hall 1 now."

Reaches: Registration, Optometry and Counsellors.
You see: who heard it, and who to resend to.

THEATRE FLOW

Theatre 3 is ready

Admin says, live

"Theatre 3 is ready. Floor 2 nurses, send the next four cataract cases with signed biometry sheets to Pre-Op now."

Reaches: Floor 2 ward nurses, escorts and Pre-Op.
You see: that the right floor heard it, with no call to each ward.

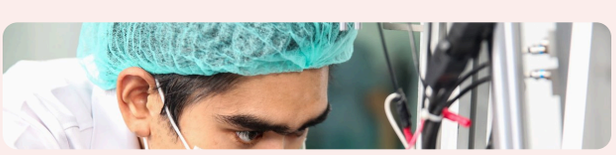

EYE BANK

Donor cornea has arrived

Admin says, live

"Eye Bank delivery. A fresh donor cornea has arrived. Cornea fellow on duty and tissue technician, report to the Eye Bank lab."

Reaches: the Cornea department and Eye Bank technicians.
You see: who heard it, and who is on the way.

EQUIPMENT ALERT

Theatre Block A supply drop

Admin says, live

"Warning. Gas pressure and backup supply have dropped in Theatre Block A. Biomedical team, check the phaco consoles now."

Reaches: Biomedical engineers and theatre nursing supervisors.
You see: both teams alerted together.

Start in three steps

1. **We set up your hospital**
   You get a hospital code, and your groups: buildings, departments, shifts, hostel and staff quarters.

2. **Staff join, you approve**
   Staff install VoL, enter the hospital code and choose their department or residence group. Only approved staff can listen.

3. **Tap the mic and speak**
   Pick the groups and talk. Staff hear you live, anywhere, and the phone plays it by itself. You see who heard.

VoL for doctors and staff
